- ◆ Runway spacing is adjustable for different wheel base vehicles.
- ◆ Centre jack included

TECHNICAL SPECIFICATION:

Lifting Capacity	5000kg
Lifting Height	1800mm
Min. Height	220mm
Overall Length (included slope)	5860mm
Overall Width	3230mm
Width Between Columns	2930mm
Runway Length	4800mm
Runway Width	500mm
Within the Runway distance	860-1200mm
Central jack Height	450mm
Motor Power	3.0kw
Power Supply	220V
Weight	1934kg
